

## **Athletic Training Educational Objectives**

- To provide an opportunity for each student to acquire knowledge and develop skills as specified in the document *Athletic Training Clinical Competencies*. The areas of focus are:
  - Risk Management and Injury Prevention
  - Pathology of Injuries and Illnesses
  - Assessment and Evaluation
  - Acute Care of Injury and Illness
  - Pharmacology
  - Therapeutic Modalities
  - Therapeutic Exercise
  - General Medical Conditions and Disabilities
  - Nutritional Aspects of Injury and Illness
  - Psychosocial Intervention and Referral
  - Health Care Administration
  - Professional Development and Responsibilities
  
- To provide students with opportunities to integrate didactic knowledge into clinical practice under supervised situations and environments.
  
- To continually strive for the highest quality in instruction, clinical experiences, equipment, and student work.
  
- To expose students to other allied health care professionals involved with the sports medicine team.
  
- To establish and promote standards of conduct that is consistent with the NATA Code of Ethics.

## **Accreditation**

The Athletic Training Education Program at Michigan State University is fully accredited by the Commission on Accreditation of Athletic Training Education ([CAATE](#)). Our next accreditation review will be in 2008-2009.
